FOR IMMEDIATE RELEASE

DEKALB MAKES MID-YEAR BUDGET ADJUSTMENTS

Budget Reductions Made Without Tax Increases

DECATUR – Today the Board of Commissioners adopted Chief Executive Officer Burrell Ellis’s recommendations to further reduce the budget and transfer funding to the Development Department in order to keep it functioning, at a minimal level, without raising taxes.

“I thank the Board of Commissioners for working with the Administration on this issue to make tough mid-year adjustments that will leave DeKalb poised for recovery,” said CEO Ellis. “These budget adjustments take into consideration the tax paying citizens who are already shouldering the burdens of this recession. Our citizens are the true winners in this situation.”
